3. Of the total number of vacancies in a year to be filled in India by examination under Rule 1 (3), two-thirds will be filled on the results of the competitive examination in the direct order of merit, provided that number of candidates so declared by the Public Service Commission as having qualified by examination. The remaining one-third vacancies will be reserved by the Government of India to redress, so far as may be necessary, marked communal inequalities, and any appointments, which it may be necessary to make on these grounds, shall be made by the Governor General in Council, after consultation with the Public Service Commission, by direct nomination from among candidates who have attained the qualifying standard at the examination, and have satisfied the Public Service Commission that they are in all respects suitable for employment in the Indian Railway Service of Engineers. Such direct nominations, out of the one-third reserved, as may not be required for the redress of communal inequalities, or for which duly qualified candidates for direct nomination may not be forthcoming may be filled in the direct order of merit in which the candidates passed the examination.

4. From the list, prepared by the Public Service Commission, of competitors who have in the opinion of the Commission attained the qualifying standard, candidates, to the number of vacancies to be filled under Rule 1 (3) will be selected for appointment, in the manner laid down in Rule 3, provided that the Government of India are satisfied that they are in all respects suitable for employment in the Indian Railway Service of Engineers. Note—The examination will be a combined examination for the Indian Service of Engineers, the Indian Railway Service of Engineers and the Superior Telegraph and Wireless Engineering Branches of the Posts and Telegraphs Department. A candidate may apply to be admitted as a candidate for all of any of these services. If he wishes to be admitted as a candidate for more than one service or branch he should state this on his application form. In that case he need send in only one application form and undergo the examination and medical board. He will be required to pay the fees mentioned in Rule 13 once only and will not be required to pay a separate fee for each service or branch for which he applies. If he proves successful as a candidate for more than one service or branch he will ordinarily be assigned in that service or branch for which he will expressed a preference at the time of his application provided that the vacancies have not already been filled, but the Government of India hereby reserve to themselves the power to assign him to any service or branch for which he is qualified if in their opinion the requirements of the public service render this desirable. Candidates who are also candidates for a service or branch not included in these regulations should refer to the regulations specially applicable to that service or branch.

The maximum number of candidates to be admitted to the combined examination may in the discretion of the Governor General in Council be limited to such number not being less than 200 as the Governor General in Council may decide. (ii) a ruler of a subject of a State in India.

Provided that in the case of a British subject the requirements of this rule may be waived by the Secretary of State in Council if he is satisfied that their observance would occasion exceptional hardship, and the candidate is so closely connected by ancestry or intermingling with His Majesty's dominions as to justify special treatment,

Provided also that a ruler or a subject of a State in India cannot be appointed unless he has obtained the declaration required under Section 96 A of the Government of India Act.

They will also be eligible for gratuities for good, efficient, faithful and continuous service. A summary of the benefits of the State Railway Provident Fund and the Gratuity Rules will be found in rule 12.

The whole responsibility rests on the candidate and the Manager or Instructor.

A similar concession will be allowed in the case of a private candidate, if he has some one outside who is willing to inspect the machine and put it right, etc.

No extra time will be given to candidates in compensation for loss of time while the machine is out of order and is being put right.

(b) The Metrical.

Heads of institutions who are desirous that their pupils should be examined in batches and private candidates who desire to be similarly examined should make the necessary arrangements with the Chief Superintendent concerned two days before the examination and furnish him with all the necessary information as to the number of candidates and machines and the time at which each batch will attend on the day fixed for the examination.

At Madras.

Lower Grade—Candidate's Hall Ticket.—Tickets of admission specifying the particular batch (first or second and so forth) in which the candidates shall (to appear) will be issued on Thursday, the 12th July 1934, between 11 a.m. and 5 p.m. at the Office of the Commissioner for Government Examinations, Old College, Nungambakam. These tickets should be shown at the entrance to the examination hall. Candidates who produce tickets will be admitted to the batch specified in the tickets. Candidates who do not provide themselves with tickets cannot claim to be admitted to any particular batch. They will be admitted only, if spare seats are available in the hall, i.e., after seats are reserved for those who have registered their names and obtained tickets for the batch. Candidates who do not hold tickets will accordingly have to wait at the entrance to the examination hall from the hour of commencement of the first batch and take their chance of being provided with seats in the first or in any subsequent batch. To avoid all inconvenience and possible disappointment, heads of institutions who are desirous that their pupils should be examined in batches and private candidates who desire to be similarly examined are particularly requested to call at the office on Thursday, the 12th July 1934, with all the necessary information as to the Register numbers and names of candidates that will attend at the particular batch on the day fixed for the examination and obtain tickets of admission accordingly. *No tickets can on any account be sent by post whether to heads of institutions or to private candidates.*

Candidates that have such a separate machine and that do not want to be examined in batches are expected to appear for their examination with the third batch for the Lower grade. But this does not preclude them from registering their names for that batch and obtaining tickets accordingly.

Candidates for the *Higher* grade may appear for the first or second batch at their option and no tickets accordingly are issued for this grade.

Instructor's Hall Ticket.—Managers or Instructors of institutions and other persons who wish to be allowed into the examination hall in the interval between the examinations of the various batches to inspect the machines and remedy any defects, are requested to call at the office on Thursday, the 26th July 1934, and have their names registered. Tickets of admission specifying their names, the institutions to which they belong, etc., will be issued to them and these should be produced at the entrance to the examination hall.

(ii) *Posts at Madras and in the Mofussil.*

Attention is particularly drawn to the following rules:—

1. No candidate will be allowed to enter the examination hall unless he wears a clean and decent dress, and in all cases where good manners require it, a suitable covering for the head, nor will he be allowed to keep his shoes on unless they are shoes of English pattern, and arms and sleepers are worn also.

No candidate suffering from any contagious disease will be admitted to the examination hall.

2. Candidates are expected to take their seats in the examination hall at least five minutes before the hour fixed for giving out the question papers. No candidate will be allowed to quit the examination hall on any day until the expiry of half an hour from the hour fixed for the commencement of the examination and candidates arriving after the expiry of that half hour will not be admitted.

3. No candidate will be allowed to re-enter the examination hall during the hours of examination after once quitting it, nor to leave the hall without finally giving up his answer papers.

4. Strict silence should be maintained in the examination hall.

5. *No candidate will, on any account, be allowed to take into the examination hall slates, books, or portion of a book, ruled sheets, manuscripts or papers of any kind.* Any candidate detected in the violation of this rule or detected in speaking to, or in any way communicating with or copying from each other and in communicating with any other person outside the examination hall or having recourse to any unfair practices will be sent out of the hall forthwith, and his conduct reported to the Commissioner for disciplinary action. The use of mathematical instruments for drawing figures or ruling lines will, however, be allowed.

6. Candidates are forbidden to note down the answer to any question on the question paper itself; they will not be allowed to take any papers, except their question papers, out of the examination hall.

7. Candidates are forbidden to tear up paper, or to throw ink or papers on the floor. All spoilt copies, etc., should be left on the desk where the candidate has been writing.

8 No candidate will be allowed to exceed the time assigned to each paper.

9 As soon as candidates have finished writing their answers and wish to give up their answer papers, or at the end of the period prescribed for each particular part of the examination, each should rise from his seat and remain standing until one of the Superintendents has gone up to him and has received his answer paper from him. Any candidate wishing to ask any question of the Superintendent will pursue the same course but will on no account leave his seat.

10. Candidates whose names are not in the printed list furnished to the Chief Superintendent must furnish a written declaration through the Chief Superintendent giving full particulars in regard to themselves including *their address*, and furnish such explanation as may be possible of their having applied for admission to the examinations at the proper time and paid the prescribed fees. The answer papers of such candidates will not be valued unless it is clear that the omission of their names is due to no fault of theirs.

11. Candidates are requested to note carefully the particulars printed in the nominal list and satisfy themselves whether they tally with those as given by them in their applications for admission to the examinations; so that any alteration with regard to their initials, names or class of community or any other correction that may appear necessary might be pointed out by them in writing to the Chief Superintendent.

12. Candidates choosing to change their place of examination without previous permission, or appearing at any centre other than the one at which they ought to have appeared according to the notice published in the Gazette, must not expect to have their papers valued or their results published. In all cases where permission has been granted, the memorandum or letter permitting the change should be produced for the satisfaction of the Superintendents.

13. The answer papers should be stitched or pinned together so the upper left hand corner, and the whole folded into four, lengthwise [not crosswise into four]. The register number, the place of examination and also the name and number of the Model of the Typewriter used (such as Remington No. 10 or Underwood No. 5 or Varne No. 3) should be written out clearly by the candidates on the top right-hand side of the first page of the answer paper, as well as on the top of the paper after it is folded.

N.B.—(1) Candidates are strictly forbidden to write in type their names in the answer papers.

(2) Candidates should distinctly understand that failure to furnish even any one of these particulars may involve the rejection of valuable their answer papers—particularly any answer paper sent up without the candidate's register number and name of centre will not be valued.

14. *Any candidate who does not behave properly towards the Chief and Assistant Superintendents of the examinations or is suspected of having had recourse to malpractice of any kind in connection with the examination or whose answer papers contain objectionable matter, is liable to have his examination invalidated and also to be debarred from appearing again for any of the examinations under the control of the Commissioner for such term of years as the Commissioner may think fit; or, if the Commissioner is not satisfied for any reason whatever as to the trustworthiness of his results, he may be required to undergo a re-examination at some future date to be fixed by the Commissioner in any one or more of the subjects of the examination for which he appeared, his success or failure being determined on the results of such re-examination.*

15. Candidates are forbidden to communicate with the Examiners; should they do so, their answer papers will not be valued and further their conduct will be reported to the Commissioner for any action that he may deem fit.

16. No information can be furnished in regard to the results of a candidate or in regard to the marks obtained by him or in regard to the particular section or subdivision in which he may have failed. The names of successful candidates in each subject arranged in two classes, First and Second, will be published in the *Fort St George Gazette*. The pamphlet for each grade of a subject as published in the Gazette is complete and final. Applications from or on behalf of unsuccessful candidates asking for information as to the cause of failure or for a revaluation of the answer papers will not be attended to. No revaluation of answer papers is permissible.

V. PONNUSWAMI PILLAI,
Assistant Secretary.

Board (Land Revenue and Settlement),
Madras, 30th June 1934.

No. 1.—In virtue of the powers delegated under clause XI of Government Notification No. 493 dated 13th July 1926, published on pages 1203 and 1204 of the *Fort St. George Gazette*, dated 27th September 1926, Part I, as amended by Government Notification No. 101, dated 15th March 1924, and in supersession of Commissioner's Notification No. 1, dated 26th June 1933, the Commissioner of Excise hereby prescribes the following rules for the issue, etc., of licences under section 12 of the Madras Abkari Act I of 1886, for the tapping of toddy-producing trees and for the drawing of toddy therefrom, to have effect in the following local areas from the 1st day of October 1934 :—

(1) The villages in the Agency tracts specified in Schedule I annexed.

(2) The rest of the Presidency with the exception of the Nilgiris district and the Wynad taluk, Anjengo, Tangasseri and the Attapadi valley of the Malabar district.

(3) The Banganapalle State.

2. Tree-tapping licences shall be issued on the application—

(a) of licensed toddy shopkeepers in areas in which the toddy shops are sold by auction or licensed separately ;

(b) of persons having the exclusive privilege of manufacture and supply of coconut toddy arrack ;

(c) of toppers on their own applications in the South Kanara district provided that the application for licence is accompanied by an application for a permit for the transport of the toddy drawn to some particular shop and that the latter application is countersigned or acknowledged to be correct by the shopkeeper to whose shop the toddy is to be taken ;

(d) of tree-owners generally, and of sweet-toddy toppers in the villages of the Agency tracts specified in Schedule I, in the East Godavari district, in the West Godavari district and in the Repalle and Bapatla taluks of the Guntur district, for not more than five trees in the case of tree-owners and three trees in the case of sweet-toddy toppers for the drawing of toddy required for domestic consumption, but not for sale ;

(e) of toddy shopkeepers or renters in the Mysore territory, in the Civil and Military Station, Bangalore, and in the Banganapalle State desiring to obtain toddy from trees growing in British territory ;

(*f*) of toddy shopkeepers in the Pudukkottai State desiring to obtain toddy from trees in British territory provided that the application is certified or countersigned by the Salt and Abkari Inspector of the State, and of toddy renters in the Cochin State ; and

(g) of any member of a hill tribe whether a tree-owner or not residing in Sirumalaikulam, Adiviramam, Madhuravada and Madanarlova villages of Vizagapatam taluk or in any of the villages of the Vizagapatam district specified in Schedule II, for not more than five trees for each household for domestic consumption, but not for sale.

In cases (b), (*f*) and (g) the licences may be issued in the name of the applicant himself or of his nominee and in cases (a), (c), (*f*) and (g) in the name of the applicant only.

3 Persons wishing to apply for the grant of tree-tapping licences must first pay the fees (or the first instalment thereof, as the case may be) due on account of the trees which they desire to tap into a Government treasury, which may be either the district treasury or a taluk treasury. Divisional officers may also empower heads of villages to receive payments on account of treasury and to grant receipts therefor. In the case of persons mentioned in rule 2 (*a*) and (*c*) the tree tax must be paid into a Government treasury of the taluk in which the shop is situated or to an authorised village manual in the same taluk, and the renters concerned should affix a declaration in the applications to the effect that they have obtained a license permanent or temporary for a shop specifying also the name and number of the shop for which trees are to be tapped. The shop licences should be produced before village munsifs in cases where the application and fees are presented to these officers. Persons in receipt, when applying for trees in British territory must pay the full tree-tax into a British treasury at the rates prevailing in British territory.

4. (1) Applications for the grant of tree-tapping licences must be made in the prescribed form to the Inspector, Excise Department, in charge of the circle in which the trees are situated. Forms may be obtained from the Inspectors of the Excise Department and from all Tahsildars and Deputy Tahsildars and will be supplied free of charge. Applications put in by shopkeepers and toppers need not be stamped, those put in by other persons must bear a court-fee stamp of one anna. In any case, if the fees have been paid into a treasury, the applications must contain a certificate of payment from the treasury officer ; if payment has been made to a village head the receipt must accompany the application. Mysore renters and shopkeepers applying for trees in British territory should pay the tree-tax into the Mysore Amildar's treasury and should present before the British Tahsildar as Deputy Tahsildar concerned, along with the application in Form T. T. 3, the receipt with the Amildar's certificate at the foot to the effect that the applicant is a person entitled to take out a tree-tapping license in Mysore. Applications from Mysore renters for licences for the tapping of trees in villages in the British territory in which there are trees belonging to Government should invariably be got countersigned by the village headman of the village in which the trees are situated in token of the correctness of the entries concerning the ownership of the trees. The tree-tax should be calculated at the higher rate if the rates are not the same on the two sides of the frontier. The procedure for the marking of trees in British territory for toddy shops in the Civil and Military Station Bangalore, will be similar to that laid down for the marking of trees in British territory for Mysore shops.

(2) Applications for tree tapping licences in the South Kanara district should be countersigned by the owner or person in possession of the trees intended to be marked in token of his consent.

5 Toddy shopkeepers in tracts adjoining the Mysore territory will also be allowed to tap trees in Mysore and the Civil and Military Station, Bangalore, for the supply of toddy to liquor shops on payment of the whole of the tree-tax in one instalment into the British treasuries of the Madras Government and subject to such restrictions regarding permits, etc., as may be prescribed in this behalf. The rate of tree tax to be paid in such cases will invariably be the higher rate in force, if the rate is not the same on the two sides of the frontier.

The British and Mysore Governments reserve to themselves the right to impose, in addition to the tree-tax, a rent for the use of trees belonging to them, the sums when imposed being payable by British and Mysore licencees alike. The arrangements agreed to by the Madras and the Mysore Governments with regard to the issue of licences for tapping trees in either territory on the application of farmers or shopkeepers in the other do not prevent the reservation of trees in any specified area in the Madras Presidency or in Mysore with a view to afford rest thereto or for other sufficient reason and the mere payment of tree-tax into a British or Mysore treasury does not entitle an applicant to tapping licences for trees so reserved.

6. (1) Toddy shopkeepers in British territory adjoining the Banganapalle State will be allowed to tap trees in the State on payment of tree-tax into the Kothacote Sub-Treasury, the rate being the same as in the Kurnool district. Toddy shopkeepers in Banganapalle State will be allowed to tap trees in the adjoining British territory on payment of tree-tax in the treasury of the taluk in which the trees stand. Toddy shopkeepers in British territory adjoining the Pudukkottai State will be allowed to tap trees in that State on payment of tree-tax to that State at the higher of the rates prevailing on both sides of the frontier.

(2) Toddy shopkeepers in British territory adjoining Cochin State may be allowed to tap trees in that State on payment of full tree-tax to that State at the higher of the rates prevailing on both sides of the frontier.

A Cochin State renter applying for trees in British territory must pay full tree-tax in one instalment at the higher of the rates prevailing in both halves of the financial year, into a British treasury, and present to the British Tahsildar or Deputy Tahsildar concerned an application which must be certified or countersigned by the Circle Inspector of the division with in whose jurisdiction the shop is situated. The British Circle Inspector to whom the application is forwarded shall have discretion to refuse to comply with an application either wholly or in part. The currency of the licenses and permits issued by the British Circle Inspector shall correspond with the periods for which licenses for tapping are granted under the tree-tapping rules in force in the Cochin State. The licences and permits issued by the State renter by the British Inspector shall be liable to suspension or cancellation at the request of the Cochin State Excise officer.

7. Persons applying for the issue of licenses will be responsible to Government for all sums payable as tree-tax on account of the trees licensed to be tapped.

8. (1) Unless there are special reasons for refusing to mark the trees, the Inspector on receipt of an application will at once take steps for the marking of the trees by an officer of rank not lower than a Sub-Inspector and for the issue of the licences. TENDERS will be received by the Executive Engineer, Kistna Western Division, at his office at Bezwada up to 4 p.m. on Monday, the 23rd July 1934, for the following works:—

(1) Improvements to the north-east branch of Nallavagu from railway bridge up to 1 mile 3 furlongs and improving the outflanked drain below the bifurcation in south-east course

(2) Improvements to the north-east branch of Nallavagu from 1 mile 5 furlongs up to road dam at 4/1 of Ongole and Kothapatnam road.

2. Tenders must be submitted in sealed covers, and should be addressed to the Executive Engineer, Kistna Western Division, the name of the tenderer and the name of the work being noted on the cover. A separate tender should be submitted for each of the above-mentioned work.

If the tender is made by an individual, it shall be signed with his full name and his address shall be given. If it is made by a firm, it shall be signed with the co-partnership name by a member of the firm, who shall also sign his own name, and the name and address of each member of the firm shall be given. If the tender is made by a corporation it shall be signed by a duly authorised officer who shall produce with his tender, satisfactory evidence of his authorisation. Such tendering corporations may be required, before the contract is executed, to furnish evidence of its corporate existence.

3. Each tenderer must pay, as earnest money, a sum of Rs. 400 (rupees four hundred only) for each of the above works into the branch of the Imperial Bank of India or into the Government treasury or sub-treasury within the jurisdiction of the Executive Engineer concerned, to the credit of revenue deposits on behalf of the Executive Engineer of the Kistna Western Division and enclose with his tender the challan endorsed accordingly. The earnest money will be refunded to the unsuccessful tenderer on application, after intimation is sent of rejection of the tender or at the expiration of two months from the date of tender, whichever is earlier. This refund will be authorized by the Executive Engineer by suitable endorsement on the challan. The earnest money will not be received in cash or currency notes by the Public Works Department officers, save in exceptional cases where there are no treasuries or banks within the jurisdiction of the officer calling for tenders. When currency notes are given, the tenderer should sign his name in full with date, on the back of all the currency notes given by him whenever the minimum notions may be.

The earnest money will be retained in the case of the successful tenderer, and will not carry any interest. It will be dealt with as provided in the tender.

4. When a tender is to be accepted, the tenderer whose tender is under consideration shall attend the Division office on the date fixed by written intimation to him. He shall forthwith upon intimation being given to him by the Executive Engineer of acceptance of his tender, sign an agreement in the departmental K 2 form for the due fulfilment of contract. Failure to enter into the required agreement shall entail forfeiture of the earnest money.

5. To give to prospective tenderers an idea about the nature and volume of work to be done and to enable them to quote suitable rates a schedule of approximate quantities is furnished. It shall however be definitely understood that the Government does not accept any responsibility for the correctness of the schedule and that it is liable to alterations by omissions, additions or additions. The several items of work noted in the schedule are to be executed as per the Madras Detailed Standard Specifications or supplemental specifications for which reference is given against each. The tenderer should carefully study the drawings, specifications and all the documents relating to the work to execute which the tender is called for. These can be seen at any time between 11 a.m. and 5 p.m. on office days in the office of the Executive Engineer, Kistna Western Division, Bezwada.

6. The tenderer's particular attention is drawn to the conditions and to the directions to parties tendering, detailed on the K-2 agreement form and also to the sections and clauses in the Standard Preliminary Specifications of the Madras Detailed Standard Specification dealing with the Materials and workmanship—Section D, clauses 20 to 27—and (b) included in the contract rates —Section E and clauses 38 to 41 and 43.

7. Every tenderer is expected, before quoting his rates, to inspect the site of the proposed work. He should also inspect the quarries, and satisfy himself about the quality and availability of materials. The names of quarries, kilns, etc., wherefrom certain materials are to be obtained will be given in the Descriptive Specification Sheet. The best class of materials to be obtained from the quarries or other sources defined shall be used on the work. In every case the materials must comply with the relevant standard specification. Samples of materials as called for in the standard specifications, or in the tender notice, or as required by the Executive Engineer, Kistna Western Division, in any case, shall be submitted for the Executive Engineer's approval before the supply to site of work is begun. If the contractor, after examination of the source of materials defined in the Descriptive Specification Sheet, is of opinion that materials complying with the standard or other specifications of the contract cannot be obtained in quality or sufficient quantity from the source defined in the Descriptive Specification Sheet, he shall so state clearly in his tender and state wherefrom he intends to obtain materials, subject to the approval of the Executive Engineer, Kistna Western Division.

The Government will not, however, after acceptance of a contract rate pay any extra charges for lead or for any other reason, in case the contractor is found later on to have misjudged the materials available. Attention of the contractor is directed to the standard 'Preliminary Specification' regarding payment of conveyance, tolls, etc.

8. The rate tendered should be for finished work in each inclusive of all incidental charges connected with its execution and should be quoted in rupees, annas and in annas of three pies. The rates should be written in words and figures and the unit in words. The tender should be written legibly and free from erasures, overwritings or interlineations of figures. Corrections where unavoidable should be made by crossing out, initialling, dating and rewriting.

9. Tenders offering a percentage deduction from or increase on the estimate amount, and those not submitted in proper form or in due time will be rejected. Rates or lump sum amounts for items not called for shall not be included in the tender. The tenderer should work out his own rates, without reference being made to the Public Works Department current schedule of rates or to the Public Works Department estimate rates which are not open for inspection by tenderers.

10. The materials that will be supplied by Government and the places and rates at which they will be supplied, are noted at the end of the schedule accompanying the tender forms. Tenderers must accept the materials at

these rates and places specified, and shall quote their prices for finished work accordingly. Notwithstanding any subsequent change in the market value for these materials, the charges to the contractor will remain as originally entered in the written contract. No carriage or incidental charges will be borne by Government in connection with the supply.

11. No part of the contract shall be sublet without written permission of the Executive Engineer nor shall transfer be made by power-of-attorney authorising others to receive payment in contractor's behalf.

12. If further necessary information is required, the tenderer will furnish such, but it must be clearly understood that no time must be received in order, and according to his tender etc.

13. The Executive Engineer or other sanctioning authority reserves the right to reject any tender or all the tenders without assigning any reason therefor.

14. No extra payment will be made for any laking of water that may be required during the execution of the work. The same shall be included in the rates for the respective items.

15. Tenderers may tender for one or more of the above-mentioned works. When a tenderer desires to tender for more than one item, the tender for each of such works must be sent in a separate sealed cover together with concerned challan for the earnest money.

Letter from W. T. BRYANT, Esq., I.C.S., Chairman, Port Trust, to the Secretary to Government, Finance (Marine) Department, dated Tuticorin, the 21st September 1933, No. 2-1787.

I have the honour to submit herewith the Administration Report of the Tuticorin Port Trust Fund for the year 1932-33.

2. The approval of the Board has been obtained by circulation.

3. The report together with the audit reports will when received be published in the Fort St. George and Tinnevelly District Gazettes as required by section 86 of the Tuticorin Port Trust Act, 1924 (Act II of 1924).

ENCLOSURE

Administration Report of the Tuticorin Port Trust Fund for the year 1932-33.

Receipts.—The actual revenue receipts for the year amounted to Rs. 3,68,406 against Rs. 3,78,355 of the previous year, a decrease of Rs. 9,949

Value of trade.—The value of sea-borne trade of the port during the year amounted to Rs. 8,07,14,773 as compared with the previous year's figure of Rs. 7,49,85,511, an increase of Rs. 57,29,267 both under imports and exports. The port continued to stand second in rank amongst the minor ports in the Presidency. Statistics obtained from the Customs department will be found in Appendix VI of the report.

Working expenditure.—The working expenses for the year amounted to Rs. 3,02,951 excluding the interest on loan, repayment towards the capital on loan, balance of cost of the new dredger and expenses for maintenance of the upkeep of the surplus plant of the Deep Water Harbour Scheme, against Rs. 3,53,033 of the previous year. Details are separately found in Appendix I. As had been ordered in paragraph 3 of G.O. No. 150, Finance (Marine), dated 20th April 1932, the amount of 1 lakh of rupees proposed for transfer from the balances of the Tuticorin Port Fund was not found necessary as retrenchment was made and savings effected wherever possible.
